

Spoorthy HRMS Bill Generation

Ass. Accounts Manager login

Select Clients

Click on eye symbol in Action column in the list of clients table

Click on eye symbol in Action column in the list of work order

In Bills section click on Generate Bill button

After clicking generate button provision to select from and to dates from calendar

After selection dates system should display, no of working Days as per selected date range and under current work order all assigned employees list with Employee ID, Employee Name, Designation, apart from the list, provision to add additional employee to above list from approved candidates, salary as per work order for which we are generating the bill for particular job role, and provision to enter the No of working Days, No of Leaves, OT and deductions like TDS. Advance, Uniform, Fines/ Damages, Other Deductions.

After entering above information System should show the following Bill Abstract information and provision to adjust the variations of No of Man Days for each job role

Bill Abstract:

Sl No	Particulars	Qty	No of Man Days	Variation	Total No of Man Days (No of Man Days + Variation)	Wages per month	Amount in Rs (Total No of Man Days X Wages per month)

Particulars : job roles in work order individually

Qty : From work order

No of Man Days : Get data from Attendance sum of all hired manpower of particular job role Wages per Month (should not greater than work order qty X no of days selected date range)

Wages per Month : As per work order of particular job role

After confirming above information system need to generate following information

1. Bill
2. Salary Statement

both should be made available to download under Actions column of Bills section

1. Bill Consists of following information

Sl No	Description	Information
1	To	from Clients data
2	Invoice No	Auto Generated with prefix SISPL_____
3	Date	Current Date of Invoice Generation
4	From :	From Selected Date
5	Up To :	To Selected Date
